IT IS IMPOSSIBLE to neatly circumscribe a canon of magic texts as being safely of the “Solomonic cycle.” By arbitrary and rather unscientific means, one might do so by simply including those works which, by tradition or artifice, bear Solomon’s name or derive from works which do. Even here, we find at least three classes of material:

1. medieval grimoires, such as *The Key of Solomon*
2. Byzantine Greek texts of the *Magical Treatise of Solomon*, or *Hygromanteia*<sup>1</sup>
3. magical works from late antiquity through the early Middle Ages, such as *The Testament of Solomon* and *Sepher Razim*<sup>2</sup>

<sup>1</sup> *Hygromanteia* is a 5<sup>th</sup>- or 6<sup>th</sup>-century Greek astrological/magical text also known as Solomon’s *Epistle to Rehoboam*. For a full treatment and an English translation of the *Hygromanteia*, see Ioannis Marathakis’ *Magical Treatise of Solomon or Hygromanteia* [SOURCEWORKS OF CEREMONIAL MAGIC, Volume 8], foreword by Stephen Skinner (Singapore: Golden Hoard Press, 2011).

A translation of *Hygromanteia* appears as APPENDIX 1 of Pablo A. Torijano’s *Solomon the Esoteric King: From King to Magus, Development of a Tradition* [SUPPLEMENTS TO THE JOURNAL FOR THE STUDY OF JUDAISM] (Leiden: Brill, 2002). See also Torijano’s more recent effort, “The Hygromancy of Solomon: A new translation and introduction,” in *Old Testament Pseudepigrapha: More Noncanonical Scriptures*, Volume 1, edited by Richard Bauckham, James R. Davila, and Alexander Panayotov (Grand Rapids: William B. Eerdmans Publishing, 2013), pages 305-325.

Two works trace likely source material for the traditions under discussion:

- (1) Stephen Skinner’s *Techniques of Graeco-Egyptian Magic* (Singapore: Golden Hoard Press, 2014), which sheds light on—makes sense of—the magical papyri published in Hanz Dieter Betz’ *Greek Magical Papyri in Translation, Including the Demotic Spells*, Volume One: Texts (2<sup>nd</sup> edition, Chicago: University of Chicago Press, 1992).
- (2) Skinner’s *Techniques of Solomonic Magic* (Singapore: Golden Hoard Press, 2015), which is described at some length below.

*Hygromanteia* is often brought into the discussion in the former work and looms quite large in the latter as a source for the medieval Solomonic grimoire tradition.

<sup>2</sup> For English translations of *The Testament of Solomon*, see (listed chronologically)

- Conybeare, F. C. “The Testament of Solomon,” in *Jewish Quarterly Review*, no. XI (London: 1899)—digital edition by Joseph H. Peterson (1997) at TWILIT GROTTO/ESOTERIC ARCHIVES > <http://www.esotericarchives.com/solomon/testamen.htm>.
- McCown, C. C. *The Testament of Solomon* (Leipzig: J. C. Hinrichs, 1922).
- Shah, Sayed Idries. “The Catalogue of Demons” = CHAPTER 11 of *The Secret Lore of Magic* (Secaucus: Citadel Press, 1972).
- Duling, D. C. “Testament of Solomon,” in *The Old Testament Pseudepigrapha* (= OTP), edited by J. H. Charlesworth (Garden City: Doubleday, 1983).

Duling’s introduction in *The Old Testament Pseudepigrapha* deals with Solomonic attribution and legend in the older material. He mentions M. Seligsohn’s article, “Solomon—Apocryphal Works” (in *The Jewish Encyclopedia*, vol. 11, page 447—online at <http://www.jewishencyclopedia.com/articles/13842-solomon>) as listing forty-nine Solomonic “scientific and magical books” in Arabic and Hebrew literature, and C. C. McCown’s added comment (*Testament of Solomon*, page 100) that Seligsohn’s list is by no means exhaustive.

On the *Testament’s* background and dissemination: Sarah Iles Johnson, “The *Testament of Solomon* from Late Antiquity to the Renaissance,” in *The Metamorphosis of Magic from Late Antiquity to the Early Modern Period*, edited by Jan N. Bremmer and Jan R. Veenstra (Leuven: Peeters, 2002).

Attribution to Solomon already complicates several biblical texts<sup>3</sup> and apocrypha.<sup>4</sup> Solomon is the hero of many ancient tales in the East; still his legend figures into late traditions of the Freemasons.<sup>5</sup> Rumors which suggest that the wise king left secret books of magic seem never to have died—nor to have slumbered—since ancient times.<sup>6</sup>

In order to make short work of closing the category of Solomonic magical works, we shall follow E[liza] M[arian] Butler<sup>7</sup> and focus on the late grimoires (# 1 above). The limitations of her work, however, must be acknowledged: Butler depended primarily on published works of the nineteenth and early twentieth centuries, including familiar works in English: Francis Barrett's *Magus* (1801),

For a critical summary of *Testament of Solomon* scholarship, refer to Todd E. Klutz, *Rewriting the TESTAMENT OF SOLOMON: Tradition, Conflict and Identity in a Late Antique Pseudepigraphon* (London – New York: T & T Clark International, 2005), and *idem*, “The Archer and the Cross: Chorographic Astrology and Literary Design in the *Testament of Solomon*,” in *Magic in the Biblical World: From the Rod of Aaron to the Ring of Solomon*, edited by Todd E. Klutz (London – New York: T & T Clark International, 2003).

*Sefer ha-Razim*, a third- or fourth-century Hebrew text, claims in its preface to have been “more precious and more honorable and more difficult” than any other books in the possession of Solomon. See Michael A. Morgan's translation, *Sefer ha-Razim: The Book of the Mysteries* (Chico: Society of Biblical Literature/Scholars Press, 1983), and Philip S. Alexander's “*Sefer ha-Razim* and the Problem of Black Magic in Early Judaism,” in *Magic in the Biblical World...* (ed. Klutz, 2003), cited immediately above. Further, find the list of *Sefer ha-Razim* references in my “Notes on the Study of *Merkabah* Mysticism and *Hekhalot* Literature,” TRANSLATIONS & REFERENCES, § K, at <http://www.digital-brilliance.com/contributed/Karr/Biblios/mmhie.pdf>.

<sup>5</sup> Albert Pike's *Morals and Dogma...* (Charleston: [L. H. Jenkins, Inc.], 1871) contains references to Solomon throughout. Boustán, Klaus Herrmann, Reimund Leicht, Annette Y. Reed, and Giuseppe Veltri, with the collaboration of Alex Ramos, Volume 1 (Tübingen: Mohr Siebeck, 2013), pages 587-606.

Waite's *Book of Black Magic and of Pacts* (1898)—even Aleister Crowley's *Magick in Theory and Practice* (1929)—along with works in other modern languages, in particular the collections of J. C. Horst (*Zauberbibliothek*, 1821-6) and J. Scheible (*Das Kloster*, 1846-1851).<sup>8</sup>

The classes and selections of the “Solomonic cycle”<sup>9</sup> according to Butler are

1. The Clavicles (Keys)
  - a. THE KEY OF SOLOMON
  - b. *Lemegeton*, or LESSER KEY OF SOLOMON
2. The Grimoires
  - a. *Grimorium Verum*
  - b. TRUE BLACK MAGIC
  - c. THE GRAND GRIMOIRE
3. Honorius
  - a. The *Grimoire* of Honorius
  - b. *Liber iuratus*, or SWORN BOOK of Honorius

To the list above, we have ventured to add

4. *Semiphoras* and *Shembamphoras Salomonis Regis*
5. *Liber Salomonis : Cephar Raziel*

*The Keys to the Gateway of Magic: Summoning the Solomonic Archangels & Demon Princes*, by Stephen Skinner and David Rankine (London – Singapore: Golden Hoard Press, 2005) offers transcriptions of *Janua Magica Reserata* (KEYS TO THE GATEWAY OF MAGIC), *Dr Rudd's Nine Hierarchies of Angels with their Invocations to Visible Appearance with the Nine Great Celestial Keys, or Angelical Invocations*, and *The Demon Princes* (from British Library Sloane MSS 3628, 3821, 3824, 3825, Harley MS 6482, and Rawlinson D. 1363). This material bears great similarity to the items described in this paper, and a case could certainly be made for wedging these texts into our canon. However, our additions to Butler's list contain specific internal references to Solomon, which the texts in *The Keys to the Gateway of Magic* do not—despite the subtitle of the book.<sup>10</sup>

<sup>8</sup> Further regarding the limits of Butler's work, consider the following quote from *Ritual Magic*, page 135: “*Picatrix*, according to Mathers and other authorities, is an Italian edition of the *Clavicle*, strongly impregnated with black elements.” This is an astounding mistake. *Picatrix*, or *Ghayat al-Hakim* [THE GOAL OF THE WISE], is an Arabic compendium of philosophy and magic from the tenth or eleventh century.

<sup>9</sup> Compare the list of Solomonic texts presented in my outline (which is according to Butler) with that appearing in *The Black Arts* by Richard Cavendish (New York: G. P. Putnam's Sons, 1967), Appendix 1: “The Grimoires,” page 371:

<sup>10</sup> *The Keys to the Gateway of Magic* is volume 2 of the Golden Hoard Press series SOURCEWORKS OF CEREMONIAL MAGIC:

- Volume 1. *Practical Angel Magic of Dr John Dee's Enochian Tables* (Skinner & Rankine, 2004)
- Volume 2. *The Keys to the Gateway of Magic...*
- Volume 3. *The Goetia of Dr Rudd: Angels and Demons...* (Skinner & Rankine, 2007)—discussed below, § 1. b. *Lemegeton*
- Volume 4. *The Veritable Key of Solomon* (Skinner & Rankine, 2008)—discussed below, § 1. a. THE KEY OF SOLOMON
- Volume 5. *The Grimoire of St. Cyprian: Clavis Inferni*, Latin [sic] translation by Peter Forshaw (Skinner and Rankine, 2009) [The translation is in English from Latin]
- Volume 6. *Sepher Raziel* (Don Karr & Stephen Skinner, 2010)—discussed below, § 5. *LIBER SALOMONIS : CEPHAR RAZIEL*

Within the texts which I have added to Butler’s list, we find the following:

- *Se&S* [paragraph 2]: “In the name of the highest, almighty Creator, I, King Solomon, hold to the interpretation of the name of (God) Semiphoras...”
- *Liber Salomonis* [2<sup>r</sup>]: “*Dixit Salomon Gloria et laus et cu multo honore &c / Salomon said glory and praying with much honor be to God of all Creatures, he that is singular w<sup>ch</sup> made all things at one tyme.*”

While reference to the contents of some of the works catalogued here is made, it is not the aim of this essay to offer summaries or analyses. Instead, the reader is referred to sources in which these works are translated, transcribed, or described in English.

My initial advice to anyone interested in pursuing Solomonic material is to go to Joseph Peterson’s remarkable site, TWILIT GROTTTO at [www.esotericarchives.com](http://www.esotericarchives.com), where most of the items discussed below, along with a wealth of other texts, are judiciously presented—and can be viewed for free. If the omissions at the site frustrate the reader, for the cost of one typical printed grimoire, a CD can be ordered from TWILIT GROTTTO containing “50+ complete books/31 complete grimoires”—a forgivably mild exaggeration. Further, whenever Peterson has ushered an edition of one of the Solomonic texts into print, it is usually the best version available—and offered at a reasonable price.

Along with the efforts of Joseph Peterson, I can confidently recommend the series MAGIC IN HISTORY from Pennsylvania State University Press (listed above in note 7) and SOURCEWORKS OF CEREMONIAL MAGIC from Golden Hoard Press (listed above in note 10).

- 
- Volume 7. *Liber Luna—Book of the Moon—Sepher ha-Levanah* (Don Karr, with translations by Calanit Nachshon, 2011; second edition [paperback], 2011)
  - Volume 8. *The Magical Treatise of Solomon or Hygomanteia* (Ioannis Marathakis, 2011)
  - Volume 9. *A Cunning Man’s Grimoire* (Skinner and Rankine, 2018)
  - Volume 10. *The Clavis or Key to Unlock the Mysteries of Magic*, by Rabbi Solomon translated by Ebenezer Sibley (introduction by Stephen Skinner and Daniel Clark, 2019)

The first three volumes of this series feature the works and expansions of one Dr. Rudd, “a scholar-magician of the early seventeenth century who knew Dr. John Dee.” This Dr. Rudd is also the supposed compiler of the material in MS Harley 6482, an edition of which was published by Adam McLean as *A Treatise on Angel Magic* (Edinburgh: MAGNUM OPUS SOURCEWORKS [# 15], 1982, and subsequently reprinted; see the bibliography below: “McLean”).

A facsimile of Frederick Hockley’s transcription of Rudd’s MS, *Dr. Rudd’s Nine Hierarchies of Angels—also Clavis Angelica*, edited and introduced by Alan Thorogood, has been published by Teitan Press (York Beach: 2013); it includes translations of John Dee’s angelic keys and invocations for the angels over the Table of the Earth.

There are previous editions of the *Clavis*—Volume 10 above; see below, page 14.

See Egil Asprem, “False, Lying Spirits and Angels of Light: Ambiguous Mediation in Dr Rudd’s Seventeenth-Century Treatise on Angel Magic,” in *Magic, Ritual, and Witchcraft*, Volume 3, Number 1 (Philadelphia: University of Pennsylvania Press, Winter 2008), pages 54-80.

## THREE NOTEWORTHY BOOKS TREATING SOLOMONIC MAGIC

### I

Notice must be given here to Aaron Leitch's *Secrets of the Magical Grimoires: The Classical Texts of Magick Deciphered* (Woodbury: Llewellyn Publications, 2005). Leitch, a practitioner himself, has made a valiant effort to offer a single-source epitome of the "classic grimoires" with descriptions, tables, and excerpts clearly and logically presented through 400+ oversized pages. The book is in two parts: (1) "history and scholarship," and (2) "practical work," including experiments and how-to instructions.

In Part One [*Oculta Philosophia*], CHAPTER ONE, Leitch provides an efficient if not particularly nuanced historical background. He then offers an account of the major grimoires, describing 22 texts, including the Solomonic texts discussed in the current paper, plus *Picatrix*, *The Sacred Magic of Abramelin*, Agrippa's *De occulta philosophia*, the pseudo-Agrippan *Fourth Book*, *Heptameron*, John Dee's diaries, Barrett's *Magus*, etc. Unfortunately, the preamble to these descriptions is marred by some irksome errors. For example, on page 9, Leitch writes,

The *Ethiopian Book of Enoch*, the *Hebrew Book of Enoch*, the *Pirkei Heichaloht* (*sic*), and even such canonical biblical texts such as Ezekiel and the Revelation of St. John are all centered upon—or connected to—the *Merkavah* tradition. The *Merkavah's* use of ritual drugs, its focus on talismans and seals, the summoning forth of angelic gatekeepers, and the gaining of mystical visions are elements that run throughout the grimoiric spells.

As an example of a work "centered upon...the *Merkavah* tradition," the *Ethiopian* (more correctly, *Ethiopic*) *Book of Enoch* is an odd choice to set next to the *Hebrew Book of Enoch* and *Pirkei Hekhalot*.<sup>11</sup> Yet, with "or connected to" interjected, Leitch allows enough slosh room for its inclusion as well as that of the Revelation.

More serious is Leitch's putting drugs and *merkavah* together, apparently through reading—but not thoroughly—James R. Davila's accounts of shamanic techniques. In the article which Leitch cites (and in Davila's book *Descenders of the Chariot*, Leiden: Brill, 2001), the use of drugs is indeed mentioned as a shamanic technique, and comparison is made between shamans (generic) and *merkavah* mystics (specific). However, Davila states, "Nothing in the Hekhalot literature indicates that the descenders to the chariot made use of psychoactive drugs to induce their visionary experiences" ("The Hekhalot Literature and Shamanism"—the article that Leitch cites—at the web

---

<sup>11</sup> The *Slavonic Book of Enoch* might have been a better choice. Andrei A. Orlov has suggested that it could be described as "proto-*hekhalot*." Refer to Orlov, *The Enoch-Metatron Tradition* (Tübingen: Mohr Siebeck, 2005) and *idem.*, *From Apocalypticism to Merkavah Mysticism: Studies in Slavonic Pseudepigrapha* (Leiden – Boston: Brill 2007).

The *Ethiopic Book of Enoch*, also called 1 Enoch (third century BCE), and the *Slavonic Book of Enoch*, called 2 Enoch (first century BCE), are counted among the Jewish *pseudepigrapha*. The *Hebrew Book of Enoch*, called Enoch 3—both somewhat misleading titles—is more accurately be called *Sefer Hekhalot* (Book of Palaces), for it is a rabbinic work of the fifth century CE or after representative of the *hekhalot* literature. Even though 3 Enoch is included in James Charlesworth's *Old Testament Pseudepigrapha* (Garden City: Doubleday, 1983), edited by P. S. Alexander, "3 (Hebrew Apocalypse of) Enoch," it really does not belong there. *Sefer Hekhalot* should be in James R. Davila's *Hekhalot Literature in Translation* (Leiden – Boston: Brill, 2013), where it is *not* included in deference to Alexander's "excellent English translation" in Charlesworth.

*Pirkei Hekhalot* is an alternative title for *Hekhalot Rabbati*, which is also from the rabbinic *hekhalot* tradition of the fifth century and thereafter. The bulk of *Hekhalot Rabbati* is given in Davila's *Hekhalot Literature in Translation*. A more complete version which was translated by Morton Smith can be accessed online: <http://www.digital-brilliance.com/contributed/Karr/HekRab/index.php>.

See my "Notes on the Study of *Merkavah* Mysticism and *Hekhalot* Literature in English" at HERMETIC KABBALAH: <http://www.digital-brilliance.com/contributed/Karr/Biblios/index.php> and in *Jewish Studies* 52 (Jerusalem: Journal of the World Union of Jewish Studies, 2017), ENGLISH SECTION, pp. 35\*-112\*.

page DIVINE MEDIATOR FIGURES IN THE BIBLICAL WORLD at <https://www.st-andrews.ac.uk/divinity/rt/otp/bibliog/dmf/hekhalot/>). Leitch does go on to give a fairer account of *merkavah* mysticism, again based on Davila, later in the book (CHAPTER TWO: “Shamanism, Tribal to Medieval,” pages 54-5), where there is no mention of drugs, and *hekhalot* is spelled more conventionally.

Leitch’s approach to the grimoires is best expressed in CHAPTER THREE, “The Art of Ecstasy: Way of the Prophet-Shaman,” which begins,

The altered mental state is the most essential and critical aspect of magickal practice.

A few pages before (page 71) Leitch states,

Some of the material in the grimoires may be, in fact, outdated. However, my focus is not upon the content or intent of the spells but on the foundational occult philosophy upon which the magick itself is based. It is my hope that this book will outline the processes by which this kind of magic works, and allow the practitioner to experiment with gaining conversation with various entities.

Part Two [*Oculia Practique*] mixes Leitch’s prose with tables and extracts from the grimoires on all the technical matters: times, tools, and talismans; purification and prayer; angels and spirits.

As a first or stand-alone book, *Secrets...* has much to recommend it. Leitch has reached beyond the old stand-bys (Mathers, Waite, Crowley, original and later Golden Dawn material, E. M. Butler) and utilized some recent scholarship (James R. Davila, Claire Fanger, Richard Kieckhefer, Robert Mathiesen), though perhaps not enough. Leitch does not draw on the work of Michael D. Bailey, Charles Burnett, Ioan Couliano, Valerie Flint, David Halperin, Deborah Harkness, Gösta Hedegård, Naomi Janowitz, Frank Klaassen, Christopher Lehrich, Rebecca Lesses, Marvin Meyer, or Robert Turner, to name a few who have dealt directly with the texts and topics in *Secrets...*; the “classic” works of Lynn Thorndike and Joshua Trachtenberg are also neglected. (See my bibliography below: WORKS OF RELATED INTEREST.) Nearly all of the texts and scholarly sources Leitch refers to are readily available (in English), thus, the book has little new to offer, save Leitch’s synthesis and organization, which sets the “grimoiric” material out in the form that suggests a unified system—which it certainly is not.

Despite all of the times I furrowed and bristled while poring over Leitch’s book, because of its range, readability, and spirit, I recommend *Secrets of the Magickal Grimoires*, especially to those who intend to do the stuff. For the practitioner, *Secrets...* could serve well as a hard-copy anchor to the mass of texts available on Internet sites, such as TWILIT GROTTO at [www.esotericarchives.com](http://www.esotericarchives.com), SACRED TEXTS at [www.sacred-texts.com](http://www.sacred-texts.com), and NORTON’S IMPERIUM > “Classics of Magick” at [www.hermetic.com/browe-archive](http://www.hermetic.com/browe-archive). Academics, however, would do better to go directly to Leitch’s sources—and well beyond.<sup>12</sup>

## II

Another significant—and sizable (848 pages)—general work on magic is Gary St. Michael Nottingham's *Foundations of Practical Sorcery*, “[a] seven-part set of magical treatises on Ceremonial Magic and the Occult Arte” (London: Avalonia, 2015), published simultaneously as seven paperbacks and as a single hardback, “Collected Works: Unabridged,” containing the entire set.

The volumes of the paperback, or chapters of the hardback, are

- I – LIBER NOCTIS (*A Handbook of the Sorcerous Arte*)
- II – ARS SALOMONIS (*Being of the Hidden Arte of Solomon the King*) “...working with the talismanic figures found in the Key of Solomon.”
- III – ARS GEOMANTICA (*Being an account and rendition of the Arte of Geomantic Divination and Magic*)
- IV – ARS THEURGIA GOETIA (*Being an account and rendition of the arte and praxis of the conjuration of some of the spirits of Solomon*), “...working with the versatile spirits and wandering princes of the *Theurgia Goetia*, part of the seventeenth-century *Lemegeton*.”
- V – OTZ CHIM (*The Tree of Life*), which includes “the *Massa Aborum* (sic) *Vitae* (the Mass of the Tree of Life),<sup>13</sup> a previously unavailable rite based on the aspects of the Tree and used by the author’s ritual group.”
- VI – ARS SPECULUM (*Being an instruction on the arte of using mirrors and shewstones in magic*)
- VII – LIBER TERRIBILIS (*Being an instruction on the seventy-two spirits of the Goetia*)

These volumes were previously published individually in the years 2004-2013<sup>14</sup> by Verdelet Publishing (Craven Arms), along with Nottingham’s other works, *Ars Spagyrica: Being an Account and Rendition of the Alchemical Arte of Spagyric* (2005) and *Charms, Charming and the Charmed: Welsh Witcraft* (sic) *and the Shropshire Border* (2009).

The blurb on the author in the Avalonia promotional email (March 1<sup>st</sup>, 2015) states,

Gary’s personal magical practices draw on his interest in the alchemical arte, the 17<sup>th</sup>-century astrologer William Lilly and the arte of horary astrology, grimoires and spirit conjuration, as well as ritual magic. When not peering at bubbling flasks or a shewstone, he can usually be found either reading about such matters, playing chess, or, with his background being in horticulture, in the garden.

Given the present context, that of an essay on the literature of Solomonic magic, our attention naturally turns to Nottingham’s CHAPTERS/VOLUMES II, IV, and VII (all page references are to the hardback edition):

- II. ARS SALMONIS (pages 177-257) is an extended consideration of S. Liddell MacGregor Mathers’ version of the *Key of Solomon* (1888) informed a bit by more recent editions (*e.g.*, Rankine and Skinner’s *Veritable Key of Solomon*, 2008). Mathers’ text is generously paraphrased, and all of the pentacles are reproduced.
- IV. ARS THEURGIA GOETIA (pages 317-476) “is an interpretation of the seals of the second part of the Solomonic grimoire cycle,” *i.e.*, the *Lemegeton*, “giving the full seals of the spirits for the first time.” Nottingham’s introduction to this chapter concludes,

<sup>13</sup> Nottingham clearly intends *Arborum*. However, even if the missing “r” is restored, the title is still something like “wad of trees of life.” *Massa* might be better rendered *Missa*.

<sup>14</sup> I. *Liber Noctis* (2004), II. *Ars Solomonis* (2009), III. *Ars Geomantica* (2009), IV. *Ars Theurgia Goetia* (2012), V. *Otz Chim* (2012), VI. *Ars Speculum* (2012), and VII. *Liber Terribilis* (2013).

There is an additional volume, printed separately: *Ars Alchemica – Foundations of Practical Alchemy: Being a Prima* (sic) *in the Paracelsian Arte of Solve et Coagula* (London: Avalonia, 2016). They must mean “primer.”

It will be noted that additional conjurations as laid down in the *Steganographia* [of Trithemius] are also included for the use in the conjuration of the spirit. (—page 322)

- VII. LIBER TERRIBILIS (pages 635-822) offers instructions on summoning the seventy-two spirits of the *Goetia*, the first section of the *Lemegeton*. Nottingham has “also given what [he] consider[s] to be missing information that makes the working more likely to be successful” (—pages 643-644).

LIBER TERRIBILIS opens with an entry on the fruitful “conjuration of the Goetic spirit Seere” as conducted by Nottingham and two of his friends, which shows that

Whilst *Goetia* conjuration is an effective part of the magical corpus, it will sometimes have you living on the edge, as it can take you right down to the wire before it resolves the situation. Although it is a powerful form of magic it is demanding too and if you can stick the pace you will find it highly effective. (—pages 640-641)

Nottingham’s account of magical practice is described as “personal,” yet nothing here seems particularly original, which, considering the nature of the subject matter, is probably a plus. He is clearly comfortable with a range of methods, having had some forty years’ experience, and he is surely conversant with the texts he presents. Regrettably, he utilizes a rather narrow band of secondary sources, mostly of the “how-to” sort, and overlooks the wealth of recent scholarly literature on his texts and topics which could have greatly enhanced his presentation of the material.

Nottingham occasionally skitters hastily over terms which carry complex implications. For instance, we read in OTZ CHIM, “The Kabbalah says that originally creation came out of nothing and that nothing concentrated itself to a point and became something” (page 484). There is clearly a lot wrong with this sentence, beginning with the cardinal sin of employing the facile “Kabbalah says....”<sup>15</sup>

At times, Nottingham goes against the covey. For instance, he says that he doesn’t believe the Wiccan “law of three-fold return.” In his opinion,

...it was invented by the founders of modern wiccan/witchcraft revival to encourage society to think that they, modern witches/wiccans, were nice people and those modern witches, or those who think they are, are a little misunderstood by society, but kindly folk just the same.” (LIBER NOCTIS, page 125)

This quote is an example of Nottingham’s rather inefficient prose; when making his more personal points, he tends to be a bit scattered and redundant. (Another example of this unchecked style is quoted above in the description of LIBER TERRIBILIS.)

---

<sup>15</sup> Nottingham repeatedly begins paragraphs with “The Kabbalah considers...,” “The Kabbalah makes clear...,” “The Kabbalah teaches...,” each followed by a dilute smattering of kabbalistic wisdom. While Nottingham quotes the *Zohar* with attribution (page 485), he does not provide the conventional volume and section numbers (in this case *Zohar* 2:76a), nor does he cite his source for the quote, namely Israel Regardie, *A Garden of Pomegranates* (St. Paul: Llewellyn, 1995), page 93.

This is not the place to reiterate the whole argument against references like “*kabbalah* says.” Briefly, *kabbalah* is not a work, a specific source, or even a unified doctrine. Citing a specific text and, if possible, its author seems an obvious minimum requirement. Imagine if someone wrote, “English literature says....”

This issue is taken up in some of my papers:

- “Kabbalah Study: Jewish Mysticism in English,” which is appended (pages 42-49) to “Notes on the Study of Early Kabbalah in English” at HERMETIC KABBALAH: <http://www.digital-brilliance.com/contributed/Karr/Biblios/ekic.pdf>
- “Which Lurianic Kabbalah?” posted at ACADEMIA: [https://www.academia.edu/30928619/Which\\_Lurianic\\_Kabbalah\\_-\\_expanded\\_version](https://www.academia.edu/30928619/Which_Lurianic_Kabbalah_-_expanded_version)

Cross references among the chapters/volumes would have been helpful. In *ARS THEURGIA GOETIA* (page 461), Nottingham mentions his assumption

that the reader is familiar with various occult practices from the corpus of Western Magical Traditions, such as the Lesser Banishing Ritual and the Pentagram, the Middle Pillar, and consecrating of the Magic Circle. This also implies that you have the various tools of the arte and are familiar with their use.

Nottingham does not note here that all this is covered in CHAPTER/VOLUME I, LIBER NOCTIS, along with basic information on a wide array of practices: geomancy, sigils, “kameas,” magical use of the Psalms, candle magic, etc. Whereas the Lesser Banishing Ritual of the Pentagram is spelled out in its proper place in a working described in *ARS GEOMANTICA* (pages 294-296), in the praxis described in *ARS THEURGIA GOETIA*, we simply read “Perform LBRP” (—page 462). This could be particularly frustrating to the reader of *ARS THEURGIA GOETIA* in the separate paperback edition.

Yet, with these shortcomings, Nottingham writes with a welcome offhand earnestness. In this, his approach to magic is never far from good common sense. Case in point: under the banner of the old “To Know, to Dare, to Will and to Keep Silent,” he bids the practitioner, “Don’t talk about what you’re about” (—page 18). O, what following this advice could have spared so many magicians—not to mention the people around them.

All in all, *Foundations...* supplies an impressive amount of practical information from a knowledgeable and reasonable fellow. As a stand-alone source or as an anchor to a collection of grimoires, this book could serve well. For anyone who has confronted a magical text and thought, “Okay, now what?” *Foundations of Practical Sorcery* offers a broad and well-considered inroad providing all of the information needed for a range of operations.

### III

*Techniques of Solomonian Magic* by Stephen Skinner (Singapore: Golden Hoard Press, 2015) is introduced as part of Skinner’s Ph.D. dissertation, others being *Techniques of Graeco-Egyptian Magic* (which has been published—Singapore: Golden Hoard Press, 2014), and two further works on the *practice* of Graeco-Egyptian and Solomonian magic, which are forthcoming. While the already-published titles present intertwined material, this review treats only *Techniques of Solomonian Magic* due to its focus on the subject at hand. No doubt, this work can stand alone.

Skinner, who is both an experienced practitioner and a judicious scholar, is very careful to define and delimit just what Solomonian method entails (most succinctly in his APPENDIX 6: “The Classic Solomonian Method”). In this, he preserves Solomonian method as “learned magic,” as distinct from “folk magic or village magic,” which would include the English “cunning man,” the hoodoo “conjure man,” and witchcraft (pages 20-21).

The title, *Techniques of Solomonian Magic*, might lead one to think that this is an instruction book, for the words “practice,” “methods,” and “techniques,” are often used interchangeably. Skinner draws a distinction between “practice” and the other two terms, reserving for “practice” the performative (read “practical”) aspects of his subject. In *Techniques of Solomonian Magic*, Skinner seeks to determine the historic trajectory of the “techniques” and “methods” of what has coalesced as Solomonian magic.

In composing this trajectory, Skinner has marshaled a broad array of recent scholarship. More importantly, he has done a vast amount of original research, basing his observations and

comparisons directly on the pertinent texts, whether in printed editions or unique manuscripts, the vast majority of which Skinner viewed first-hand.

Skinner's research encompasses more than his years formally working towards his Ph.D. Indeed, his long and admirable career has in large part been involved with the grimoire tradition.<sup>16</sup> In a more concentrated way, the works published in Golden Hoard's important SOURCEWORKS OF CEREMONIAL MAGIC series, for which Skinner edited eight volumes and, of these, co-authored six, serve as a preamble to the production of Skinner's dissertation. In *Techniques of Solomonian Magic*, Skinner writes (page 27)

As an accompaniment to this volume, I suggest you have to hand copies of some of the source texts: *The Magical Treatise of Solomon or Hygromanteia*<sup>17</sup> by Ioannis Marathakis; *The Veritable Key of Solomon* by myself and David Rankine; *The Key of Solomon* by MacGregor Mathers; *Sepher Raziel: Liber Salomonis* by Don Karr [and Stephen Skinner]; and *The Lesser Key of Solomon* by Joseph Peterson.

The first, second, and fourth books on this list are volumes in the SOURCEWORKS series. Mathers' edition of *The Key of Solomon*, first published in 1889, is, of course, the "classic" text. *The Lesser Key of Solomon*, also known as *The Lemegeton*, is the other major "proof text" of the Solomonic tradition; the edition recommended here was most ably prepared by Joseph Peterson (2001).

The value of *Techniques of Solomonian Magic* goes far beyond Skinner's conclusions about where the material in the *Key of Solomon* came from, for Skinner has presented his entire scholarly process, complete with charts (vast outlines of text groups and manuscripts), tables (comparing details of various texts), and illustrations, all for us to engage. Skinner admits, in so many words, that the book and, for that matter, his entire dissertation project remain works in progress. Case in point: after delivering evidence for his suggestion that *Apotelesmatikē Pragmateia* by Stephanos is "an early version or forerunner of the *Hygromanteia*" (page 69), he adds

I would be happy to have this attribution refuted, but only if a better candidate for the authorship of the *Hygromanteia* can be discovered.

Skinner often acknowledges that further research may lead to different conclusions regarding various issues surrounding his primary thesis, but he presents, in overwhelming detail, his case quite convincingly. To me, of Skinner's nineteen conclusions, the following (ii and iii) are by far the most important (page 280):

- ii) There is a clear line of transmission from the *Hygromanteia* to the *Clavicula Salomonis* which is identifiable down to the very detailed level of Solomonic method and specific pieces of equipment. Therefore there can be no doubt that the *Hygromanteia* is the forefather of the *Clavicula Salomonis*.
- iii) There are two main exceptions to the above point:
  - a) The scrying chapters in the *Hygromanteia* have not been passed on to the *Clavicula Salomonis*. These scrying methods are however found almost word-for-word in an 11<sup>th</sup>-century Jewish source. Accordingly, the Jewish sources probably supplied these chapters to the *Hygromanteia*.
  - b) The pentacles chapters in the *Clavicula Salomonis* do not derive from the *Hygromanteia*, but probably come from the manuscript *Sepher ha-Otot*, or from a related Hebrew source.

---

<sup>16</sup> Among Skinner's many books, note in particular *Techniques of High Magic: A Manual of Self-Initiation*, first published in 1976, now in its third revised edition (Singapore: Golden Hoard Press, 2016), and *The Fourth Book of Occult Philosophy*, first published in 1978 (London: Askin Publishers Ltd) and republished in 2005 (Berwick: Ibis Press).

<sup>17</sup> See pages 1-2, note 2 above.

Thus, the trend away from supposing that the Solomonic grimoires had Jewish origins is in part confirmed yet in part reversed through Skinner’s discoveries and observations.<sup>18</sup>

*Techniques of Solomonic Magic* is not a magic instruction book. The description posted at the website of Llewellyn Worldwide—the North American distributor for Golden Hoard publications—accurately identifies the work as

The most detailed analysis of the techniques of Solomonic magic from the seventh to the nineteenth century ever published. This volume explores the methods of Solomonic magic in Alexandria, tracing how the tradition passed through Byzantium (the *Hygromanteia*) to the Latin *Clavicula Salomonis* and its English incarnation as the *Key of Solomon*.<sup>19</sup>

We will have to wait to see what Skinner’s sequel on the practice of Solomonic magic provides. But anyone who has collected grimoires in the Solomonic tradition can here, in the channels that Skinner has excavated, find an enormous amount of information about the province and composition of the oft-reproduced texts (*The Key of Solomon*, *The Lemegeton*, Agrippa’s *Three Books of Occult Philosophy*, etc.) while learning that not all of the famous grimoires are “Solomonic,” and acquaint themselves with less-known magic texts from antiquity and medieval times that contributed to Solomonic literature. Thus, Skinner’s work bears less comparison with the books singled out above by Aaron Leitch and Gary St. Michael Nottingham than it does to, say, *Ritual Magic* by E. M. Butler and the more recent *Grimoires* by Owen Davies—among all of which I would surmise that Skinner’s *Techniques of Solomonic Magic* will prove the most significant.

---

<sup>18</sup> One small quibble: In his sub-chapter (3.2) on “The Input of Jewish Magic to the *Clavicula Salomonis*,” Skinner speculates (page 40, note 5): “Interestingly the angel ambiguously referred to as the ‘Lord God of Israel’ is Zoharariel, which might better be read as ‘Zohar Ariel.’ An angel name possibly generated from the title of that great classic of the Kabbalah, the *Sefer ha-Zohar*.”

This doesn’t follow at all given that Zoharariel already appears in texts of the *merkavah* tradition (200-800 CE), most importantly *Hekhalot Rabbati* (§§ 96, 99, 102, 103, 110, 111, 119, 121, 197, 204, 232, and 251), but also *Hekhalot Zutarti* (§ 418, as one of the seven angels: Zoharariel, Uriel, Afael, Gabriel, Nuriel, Panael, and Serafiel), *Ma’aseh Merkava* (§ 581), and the Geniza Fragments (§ 121). § numbers follow Peter Schäfer *et al.*, *Synopse zur Hekhalot Literatur* (Tübingen: J. C. B. Mohr [Paul Siebeck], 1981).

The *Sefer ha-Zohar* was not written/redacted/manifest/circulated (take your pick) until around 1300.

## SIGNIFICANT RECENT PUBLICATIONS

Readers should note Stephen Skinner’s expansion of Aleister Crowley’s *Liber 777*, namely, *The Complete Magician’s Tables* (Singapore: Golden Hoard Press, 2006/St. Paul: Llewellyn Publications, 2007). The subtitle elaborates: *The most complete set of Magic, Kabbalistic, Angelic, Astrologic, Alchemic, Demonic, Geomantic, Grimoire, Gematria, I Ching, Tarot, Pagan Pantheon, Plant, Perfume and Character Correspondence in more than 777 tables.* The Crowley editions circulating have something fewer than 200 columns, whereas Skinner’s 2006 volume has more than 800 columns, and Skinner’s new expanded fifth edition (2015) has 840.

§ M, “Magic of the Grimoires—Angels, Demons and Spirits,” connects with the topic at hand. § M offers tables drawn from

- *Testament of Solomon*
- *Liber Juratus, the Sworn Book of Honorius*
- Peter de Abano’s *Heptameron*
- *Codex Latinus Monacensis*
- *Goetia* (Lemegeton Book I)
- *Theurgia Goetia* (Lemegeton Book II)
- *Ars Paulina* (Lemegeton Book III)
- *Ars Almadel* (Lemegeton Book IV)
- *Key of Solomon – Clavicula Salomonis*
- *Sacred Magic of Abramelin*
- Franz Bardon’s *Practice of Magical Evocation*
- *Grimorium Verum*
- *Grand Grimoire*

The oft-cited but frustratingly scarce works on the Hebrew MS called *Sepher Maphteab Shelomoh* (ca. 1700) by Hermann Gollancz have been reprinted in a single volume by Teitan Press (York Beach: 2008):

- *Maphteab Shelomo. Clavicula Salomonis: A Hebrew Manuscript newly discovered and now described.* (London: D. Nutt / Frankfurt a.M: J. Kauffmann, 1903)
- *Sepher Maphteab Shelomoh (BOOK OF THE KEY OF SOLOMON).* An exact facsimile of an original book of magic in Hebrew with illustrations now produced for the first time. (London – New York: Oxford University Press, 1914—of which only 300 copies were printed)

The Teitan edition adds a seven-page foreword by Stephen Skinner, which states that “there is no doubt that this manuscript [i.e., *Sepher Maphteab Shelomoh*] is part of the Solomonic magical tradition,” and “in a large measure derived *from* them, which is quite the reverse of the usual assumption” (—page viii). In a section sub-headed CONFIRMATION OF THE LATINIZED CONTENTS, Skinner (following Claudia Rohrbacher-Stricker) presents “proof that this text [i.e., *Sepher Maphteab Shelomoh*] is a translation from a Latin/Italian original, by a Hebrew translator” (—page xii).

Alas, the reprint is a limited edition of 358 copies.

### 1. a. THE KEY OF SOLOMON

The best-known presentation of the KEY OF SOLOMON is Samuel Liddell MacGregor Mathers' *Key of Solomon the King* (London: Redway, 1888; rpt. New York – York Beach: Samuel Weiser Inc., 1974 and subsequently). Mathers compiled his edition from several MSS found in the British Library's Sloane, Harleian, Lansdowne, and King collections, attempting to weave from these an "ideal" text.<sup>21</sup>

The KEY is described in Butler's *Ritual Magic*, pages 47-64, and in Thompson's *Mysteries*, pages 229-240. Another fair presentation of the KEY appears in Shah's *Secret Lore*, pages 9-60. Not quite so good is Arthur Edward Waite's treatment in *Ceremonial Magic*, pages 58-64 (Bell edition).

The most extensive treatment of the KEY to date is Volume IV of the Golden Hoard Press series, SOURCEWORKS OF CEREMONIAL MAGIC: *The Veritable Key of Solomon* by Stephen Skinner and David Rankine (London – Singapore: Golden Hoard Press / Woodbury: Llewellyn Publications, 2008), which presents three KEY OF SOLOMON texts translated from the French by Paul Harry Barron:

KEY 1. *The Keys of Rabbi Solomon* (Wellcome MS 4670 [1796])

KEY 2. *La Clavicule ou La Clef de Salomon* (Wellcome MS 4669 Art. 1 [1796])

KEY 3. *Traité Universel des Clavicules de Salomon* (Wellcome MS 4669 Art. 2)<sup>22</sup>

—these being "three different texts from those translated by S. L. MacGregor Mathers." The texts are introduced by a 60-page survey of the history and various "text-groups" of the KEY, supplemented by several appendices listing KEY MSS.<sup>23</sup>

<sup>20</sup> *Ceremonial Magic* is a revision of Waite's earlier *Book of Black Magic and of Pacts* (London: Redway, 1898; rpt. New York – York Beach: Samuel Weiser Inc., 1972—and subsequently).

<sup>21</sup> Mathers' version of the KEY is included in the no-frills "pirate" collection, *The Clavicula Solomonis (sic)* by Magus Tsirk Susej—Jesus Krist backwards—(n.p.: Embassy of Lucifer, 2005); this edition has the text of the KEY and the LESSER KEY (see below 1.b, page 9)—with no introduction, notes, or mention of sources, MSS or printed editions.

<sup>22</sup> Additional material from Wellcome MS 4669 has been published as *A Collection of Magical Secrets, Taken from Peter de Abano, Cornelius Agrippa and from other Famous Occult Philosophers & A Treatise of Mixed Cabalah, Which comprises the Angelic Art Taken from Hebrew Sages*, translated from Wellcome MS 4669 by Paul Harry Barron from the original French manuscript dated 1796, with introduction and commentary by Stephen Skinner & David Rankine (London: Avalonia, 2009).

<sup>23</sup> In "The Key of Solomon: Toward a Typology of the Manuscripts" (in *Societas Magica Newsletter*, Issue 17, Spring 2007—online at <http://www.societasmagica.org/>), Robert Mathiesen "offer[s] some materials for an eventual typological study of these [Key of Solomon] texts," starting with an account of 122 MSS written in languages using the Latin alphabet, as opposed to those in Greek or Hebrew,

A composite of material related to the KEY was assembled by Ebenezer Sibley (*or Sibly*) as *Clavis or Key to Unlock the Mysteries of Magic of Rabbi Solomon, translated from Hebrew into French and from French rendered into English with additions*, ca. 1800. Three reproduction editions have recently been published:

- (1) *Solomon's Clavis, or Key to Unlock the Mysteries of Magic* (Leicestershire: Society of Esoteric Endeavor, 2008), which offers Sibly's manuscript, English translations primarily from various French magical sources unadorned, *i.e.*, "no modern introduction," with Sibly's preface. This one has become a pricy collectable.
- (2) *The Clavis or Key to the Magic of Solomon...from a manuscript prepared by Frederick Hockley*, with introduction, notes, and commentary by Joseph Peterson (Lake Worth: Nicolas Hayes, Inc., 2005/Lake Worth: Ibis Press, 2009).<sup>24</sup> Includes "282 color pages with a color fold-out and a huge index."
- (3) *The Clavis or Key to Unlock the Mysteries of Magic*, by Rabbi Solomon translated by Ebenezer Sibley, introduction by Dr. Stephen Skinner and Daniel Clark. "It is a 523 page full-colour grimoire, probably the high point of calligraphic Victorian grimoire manuscripts." (Singapore: Golden Hoard Press, 2019).

Along similar lines: *The Keys of Rabbi Solomon* "translated accurately from the Hebrew into English" by Edward Hunter, *circa* 1830 (The Hell Fire Club, 2016). As with Sibley's other works, this is a hand-copied manuscript of a composite of Solomonic and other materials. Alas, the obscurity of the work is assured in that the publisher saw fit to release only lovely but high-priced limited editions (42 of calfskin, 250 of kidskin).

There is also *The Pentacles of Solomon* by S. Aldarnay (Hadean Press, 2012): "Author and illustrator S. Aldarnay presents each of the Pentacles given in the *Key of Solomon*, precisely redrawn and with explanations of the divine names, the names of spirits, as well as the vesicles in English, Latin and Hebrew, in an attempt to make the individual's use of the seals more effective." (—online description; I have not seen the book).<sup>25</sup>

For a recent very affordable edition, find *The Greater Key of Solomon: The Complete Books I-III*, by Victor Shaw ([GB]: Erebus Society, 2017)—with "enhanced scans of the original."

Note the re-presentation of material from Mathers' version of the KEY in Nottingham's *Foundations* (described above, pages 6-9): Chapter/Volume II – ARS SALOMONIS (*Being of the Hidden Arte of Solomon the King*) "...working with the talismanic figures found in the Key of Solomon."

Refer also to Stephen Skinner's *Techniques of Solomonic Magic* (described above, pages 9-11), which traces the origins of the KEY's methods and contents.

Lastly, find Christopher Warnock's informative, albeit provocative, blog, "The Greater Key of Solomon is Wrong!" (April 16, 2012), at RENAISSANCE ASTROLOGY > <http://renaissance-astrology.blogspot.com/2012/04/greater-key-of-solomon-is-wrong.html>. Warnock concludes,

---

then offering a provisional division of these into "Western text groups," *e.g.*, "Oldest (Western) Text [OT]," "Toz Graecus Text-Group [TG]," "Invocation of Angels Text-Group [IA]," and so on. Mathiesen adds some comments on "*A Hebrew Version of the Key of Solomon*," namely, *Maftach Shelomoh*, and "*An Arabic Version...*" entitled *Al-Miftah al-Azam li-Sulayman al-Hakim*, and proffers some "Tentative Conclusions."

<sup>24</sup> See Joscelyn Godwin, *The Theosophical Enlightenment* (Albany: State University of New York Press, 1994): on Sibley, pages 107ff; on Hockley, pages 170ff.

<sup>25</sup> <http://www.shop.hadeanpress.com/>

Renaissance Astrology pentacles don't follow the *Greater Key* exactly and we do this because following the true full chart traditional astrological methodology provides a much more powerfully charged talisman. We don't use the traditional metals because it simply isn't necessary for a powerful talisman.

## 1. b. *Lemegeton*, or LESSER KEY OF SOLOMON

The *Lemegeton* consists of five sections:

- i. *Goetia* – on binding evil spirits and their seals
- ii. *Theurgia-Goetia* [§§ I and II] – on both good and evil spirits
- iii. Pauline Art – on the good spirits of the planets and the 360 degrees of the zodiac
- iv. *Almadel* – good spirits of the quaternary of the altitudes
- v. Notary Art (OR *Ars Nova* – see discussions below regarding content)

*Goetia*

*Goetia* is the most circulated of the *Lemegeton's* sections, having been published numerous times. The best-known version is the one transcribed by S. L. MacGregor Mathers in 1898, with an introductory essay entitled “Preliminary Definition of Magic.” A few years later, Aleister Crowley published this same edition enhanced by his own introduction, preface, preliminary invocation, and other ornaments (Foyers: S[ociety for the] P[ropagation of] R[eligious] T[ruth] Ltd, 1904). In 1916, the pirating began—or continued—with an edition bearing the name L. W. de Laurence and the title *The Lesser Key of Solomon—Goetia: The Book of Evil Spirits* (Chicago: de Laurence, Scott and Co.), which is the Mathers-Crowley work unacknowledged; this edition is listed as still *in print*.

A larger version—in size, not in content—bearing Crowley's name was published in 1970 (New York: Ram Importer Inc.; subsequent editions from Equinox Ltd in 1976, Magickal Childe in 1989, and First Impressions in 1993) as *The Book of the Goetia of Solomon the King*; this is, for the most part, a dressed-up version of the “SPRT/de Laurence” edition.<sup>26</sup>

*Goetia* is described and quoted in Butler's *Ritual Magic* (pages 65-80); it is presented in both Shah (pages 179-211; 299-304) and Waite (pages 64-66; 184-235). Waite's “list of the seventy-two spirits ... along with their sigils” is reproduced in Christopher McIntosh's *Devil's Bookshelf* (Wellingborough: The Aquarian Press, 1985: pages 168-189).

*Of the Arte Goetia* by Colin Campbell (York Beach: Teitan Press, 2015) offers a manner of *Goetia* companion, which has been a long-standing desideratum. After singling out Joseph Peterson's “critical edition of the complete *Lesser Key of Solomon*”<sup>27</sup> (of which *Goetia* is the first section) as the text-source of record, Campbell's first chapter concludes with this statement of intention:

This present work was composed with several aims in mind, the chief of which was to trace the emergence of *Goetia* into the English language manuscripts with which it is now closely identified. By comparing the known sources and influences, it is possible to observe the subtle and not-so-subtle changes; the errors, omissions, inclusions, and other alterations that together combine to create the text as we now know it. We can also use these comparisons to aid us in historical research into the origins of the work, as well as to identify the external influences that affected it (page 22).

<sup>26</sup> See also *Aleister Crowley's Illustrated Goetia*, by Lon Milo DuQuette and Christopher Hyatt, illustrated by David P. Wilson (Tempe: New Falcon Publications, 1992). This work presents the list of spirits “from Crowley's original *Goetia*—which also includes many other prerequisites for evocation” along with material from 777, where Crowley “attributed the Seventy-Two Spirits of the *Goetia* (in pairs, Day/Night) to the Decans of the Zodiac.” (page 71) Each spirit is also given a full-page image drawn by “artist-clairvoyant David P. Wilson, who is also a talented and adept Goetic magician” (page 72). The text is supplemented by nine chapters which expand on Crowley's version of the *Goetia*, offering background, advice, and anecdotes.

<sup>27</sup> See my comment on Peterson's *Lesser Key*... below, pages 19-20.

At his website, COLIN CAMPBELL'S DE ARTE MAGICA,<sup>28</sup> Campbell writes

Many are aware that the listing of spirits that is presented in *Goetia* is derived almost in its entirety from the earlier work *Pseudomonarchia Daemonum* (THE FALSE MONARCHY OF DEMONS) as given by Johann Wier (Wierus [or Weyer]) in his publication in protest of the witch hysteria in his native Germany, *De Praestigiis Daemonum* (OF THE ILLUSIONS OF SPIRITS)<sup>29</sup> [1563; *Pseudomonarchia Daemonum* was added as an appendix to *De Praestigiis Daemonum* in 1577]. ...

This work [*i.e.*, Wier's], specifically with relation to its advocacy against persecution of suspected witches (typically, impoverished elderly women), was picked up in England by Reginald Scot, a lawyer, who argued in *The Discoverie of Witchcraft* (1584)<sup>30</sup>, that not only were witches not actually able to do all the things of which they were accused, but that regardless they should be tried for the crime they were accused of committing rather than witchcraft itself. ...

One of the aims of *Of the Arte Goetia* was to place these three sources—Wier, Scot, and the [*Goetia*] manuscripts—side by side so that one could see the evolution of each spirit's description. Once accomplished, it was easy to show where discrepancies arose.

From among the “manuscripts,” Campbell uses the *Goetia* as it appears in Sloane MS. 3825 as his base text.

A catalogue of demons which is closely related to the *Goetia* is offered in *A Book of the Offices of Spirits – The Occult Virtue of Plants and Some Rare Magical Charms & Spells*, transcribed by Frederick Hockley from a Sixteenth-Century Manuscript on Magic and Necromancy by John Porter (1583), with an introduction by Colin D. Campbell (York Beach: Teitan Press, 2011). Campbell suggests that

[g]iven the close relationship between the two manuscripts [*i.e.*, *The Offices of Spirits* and *Goetia*], it would seem reasonable to speculate that they have a common ancestor. If so, then *The Offices of Spirits* is probably the earlier of the two, as *Goetia* is considerably more organized and includes additional seals for each of its spirits.

*Goetia* and *Theurgia-Goetia* are given full treatment in Gary Nottingham's *Foundations* (described above, pages 6-9):

- (1) on *Goetia*, Chapter or Volume VII – LIBER TERRIBILIS (*Being an instruction on the seventy-two spirits of the Goetia*);
- (2) on *Theurgia-Goetia*, Chapter or Volume IV – ARS THEURGIA GOETIA (*Being an account and rendition of the arte and praxis of the conjuration of some of the spirits of Solomon*) “...working with the versatile spirits and wandering princes of the *Theurgia Goetia*, part of the seventeenth-century *Lemegeton*.”

*Pauline Art*

Waite considers the *Pauline Art* in *Ceremonial Magic* (pages 66-72), and Christopher McIntosh includes the conjuration of Samael from a MS of the *Pauline Art* “copied out by Frederick Hockley, the indefatigable nineteenth-century collector of occult documents,” in *The Devil's Bookshelf* (pages 190-1).

<sup>28</sup> <http://campbell.hrmtc.com/2015/09/30/goetia-origins/> - accessed 10/10/15.

<sup>29</sup> Wier's work is available in English: *Witches, Devils, and Doctors in the Renaissance* (DE PRÆSTIGIIS DÆMONUM, 1583), introduction and notes by George Mora; translation by John Shea; preface by John Weber [MIDIEVAL AND RENAISSANCE TEXTS & STUDIES, volume 73] (Binghamton: State University of New York at Binghamton, 1991; rpt. Tempe: Arizona State University, 1998). Unfortunately, this volume does not include the appendix, *Pseudomonarchia Daemonum*.

<sup>30</sup> *The Discovery of Witchcraft* has long been available as one of the ubiquitous Dover paperbacks, which reprints the edition published by John Rodker in 1930. On the *goetic* spirits as derived from Wier, see BOOKE XV, CHAPTER II. Refer also to Philip C. Almond's *England's First Demonologist: Reginald Scot & 'The Discoverie of Witchcraft'* (London – New York: I. B. Taurus Co Ltd, 2011).

Hockley's full transcription (1838) of both sections of the *Pauline Art* (1. on the spirits of the hours of the day, and 2. on the 360 angels of the zodiac) has been published under the title *The Pauline Art of Solomon* (York Beach: Teitan Press, 2016). Editor Alan Thorogood provides a history of the *Pauline Art*, fills in much of what Hockley edited out, and corrects errors that accumulated in the text. This edition includes a somewhat undersized facsimile of Hockley's manuscript.

*Almadel*

Shah and Waite treat [The Art of] *Almadel* (full text from Sloane 2731—*Secret Lore*, pages 169-178; excerpts—*Ceremonial Magic*, pages 72-77).<sup>31</sup> A full transcription of *The Art of Almadel of Solomon* from British Library, MS Sloane 2731 and collated with Sloane 3648 and 3825 appears as an appendix to Jan R. Veenstra's article "The Holy Almandal: Angels and the Intellectual Aims of Magic," in *The Metamorphosis of Magic from Late Antiquity to the Early Modern Period*, edited by Jan N. Bremmer and Jan R. Veenstra (Leuven: Peeters, 2002).<sup>32</sup>

*Lemegeton complete*

Some efforts have offered complete, or near-complete, editions of *Lemegeton*. All segments but Notary Art appear in Kevin Wilby's *Lemegeton: A Medieval Manual of Solomonian Magic* [Sloane MS 3648] (Dyfed: Hermetic Research Series NUMBER 5, 1985). In his article, "The *Lemegeton* Revealed," (in *The Hermetic Journal*, Issue 29, ed. Adam McLean, 1985), Wilby says that Notary Art "is fragmentary and nowhere near complete," referring to it as the "corrupted fifth part." Wilby is even harsher in the FOREWORD to his book, *The Lemegeton*, referring to "the fifth and final book" as "the only blemish I found in this masterly work," deeming Notary Art "literary tripe."

A so-so photocopy (with some pages missing) of British Library Sloane MS 2731 (which is in English) and a remarkably poor typescript comprise Nelson and Anne White's *Lemegeton: Clavicula Salomonis, The Complete Lesser Key of Solomon the King* (Fremont: Technology Group, 1979; 2<sup>nd</sup> edition, once available at [www.techgroupbooks.com](http://www.techgroupbooks.com)—an unfortunately now-defunct site which proved that one picture is, indeed, worth a thousand words).

The edition from the International Guild of Occult Sciences (hereafter I.G.O.S.), *King Solomon's The Lemegeton: Lesser Key* (or *The Lemegeton: King Solomon's Lesser Key*) (Palm Springs: I.G.O.S., 1997) contains the Whites' photocopy slightly enlarged with a transcription which is neat and readable. Neither the Whites' nor the I.G.O.S. version includes Notary Art, save for a few "sample pages," stating that Notary Art is "quite obviously not a 'book,' but rather a collection of notes and explanations which should have been presented with the first book, The Goetia" (the Whites' edition, page 57); and "a scattered and undeveloped jotting down ... at best supplementary notations" (I.G.O.S. edition, page 65).

<sup>31</sup> The *Almadel* of the *Lemegeton* should not be confused with *Armadel*—a completely different work, available as *The Grimoire of Armadel*, translated by S. L. MacGregor Mathers (York Beach: Samuel Weiser, 1980 and 1995); nor should these be confused with the *Arbatel of Magick*, a collection of forty-nine magical aphorisms which is the first section of an otherwise lost nine-part tome said to have been employed by John Dee.

Joseph H. Peterson published a translation, *Arbatel: Concerning the Magic of the Ancients* [ORIGINAL SOURCEBOOK OF ANGEL MAGIC] (Lake Worth: Ibis Press, 2009)—also at Peterson's TWILIT GROTTTO: [www.esotericarchives.com](http://www.esotericarchives.com) > Classical Grimoires. *Arbatel* also appears in the collection titled *The Fourth Book of Occult Philosophy*, edited... by Stephen Skinner (London: Askin Publishers, 1978; rpt Berwick [ME]: Ibis Press, 2005—see listing below). Also on the Internet, find *Arbatel* at The CHAOS MATRIX: <http://www.chaosmatrix.org/library/books/lesserkey/lesserkey4.pdf>.

<sup>32</sup> *The Holy Almandal* is a practical manual of ritual magic which "may have roots extending back into Persia and the Far East, but its medieval versions were thoroughly Christianized" [page 192]; however, *Almandal* and *Almadel* are of "diverse traditions." [page 209] (cited from Veenstra's "Holy Almandal...").

Robin E. Cousins<sup>33</sup> observes that Notary Art is, in fact, omitted from Sloane 2731, the MS used by the Whites and I.G.O.S. According to Cousins,<sup>34</sup> Wilby based his edition on a manuscript (Sloane MS 3648) which contains the Notary Art, but—as noted above—he saw fit to exclude it from his “complete” edition.

Another “complete” edition, *Lemegeton: The Complete Lesser Key of Solomon*, edited by Mitch Henson, with revised illustrations by Jeff Wellman (Jacksonville: Metatron Books, 1999), also omits Notary Art. Explaining this omission, Henson says, “Both the content and the context of *Ars Notoria* show no affinity for the listings of spirits that mark the bulk of the material contained in *The Lesser Key of Solomon*.”

In his introduction, Henson states, “The text for this edition is a composite derived from Sloane Ms 3825 and 2731 from the British Library. These are the most complete and internally consistent manuscripts available,” adding further on, “For this edition, we have reproduced all of the illustrations from Sloane Ms 2731.” Henson’s *Lemegeton*, now out of print, has become one of the most sought-after—and high-priced—editions.

#### Notary Art

A text entitled *Ars Notoria: The Notary Art of Solomon*, translated into English in 1657 by Robert Turner of Holshott (not to be confused with Robert Turner, the present-day author/editor, cited in notes 33 and 36) has been published in a collector’s edition (Seattle: Trident Press, 1987 and 1997) along with some support material: “An Astrological Catechisme,” “Solomon and the *Ars Notoria*” from Lynn Thorndike’s *History of Magic and Experimental Science*, and “*Ars Notoria* in Manuscript” by Adam McLean. This is clearly not the *Ars Notoria* referred to by the Whites, I.G.O.S., and Henson.<sup>35</sup>

A low-cost edition of this work, titled variously *Ars Notoria: The Magical Art of Solomon, Showing the Cabalistical Key of Magical Operations* or *The Magical Art of Solomon, being the Ars Notoria: A Grimoire* [KABBALISTIC GRIMOIRE SERIES III], edited by Darcy Kuntz without the sundry additions, was put out by Holmes Publishing Group [Edmonds] in 1998 and remains available in a more recent reprint edition.

A handsome reproduction of Frederick Hockley’s 1839 transcription of—and occasional additions to—Robert Turner’s translation of *Ars Notoria: The Notary Art of Solomon* has been published by Teitan Press (York Beach: 2015). This edition includes an introduction by editor Alan Thorogood and an essay, “‘The Philomath’: In Search of Robert Turner of Holshot,” which is “...a significant 24-page biographical study (with bibliography)” by Robin Cousins.<sup>36</sup>

<sup>33</sup> In *Elizabethan Magic*, edited by Robert Turner (Longmead: Element Books, 1989), page 140.

<sup>34</sup> *Ibid.*, page 141.

<sup>35</sup> Clair Fanger states (in “Plundering the Egyptian Treasure,” *Conjuring Spirits*, page 219), “There is no modern edition of the *Ars Notoria*, and the relation of the seventeenth-century text (found in Agrippa’s *Opera [Omnia]*) and the Turner translation) to the medieval manuscript tradition remains unexamined.”

<sup>36</sup> An earlier version of Cousins’ essay under the title “Robert Turner of ‘Holshot’ (c. 1620-1665?): The Astrological Botanist and the Books of the Elizabethan Magi,” was included in *Elizabethan Magic*, by Robert Turner [and other contributors] (Longmead: Element Books, 1989), pages 128-150.

“The Philomath” as it appears in Teitan’s *Ars Notoria* “has been fully revised and updated with recently discovered material” (— Cousins, *Ars Notoria*, page xxvii).

On the *Ars notoria*, refer to the following:

So, what actually *is* the fifth book of the *Lemegeton*? While not really contradicting the White/I.G.O.S. assessment, Benjamin Rowe offers an alternative and more positive take on the *Lemegeton*’s fifth book. In the introduction to his *Ars Nova—Book Five of the Lemegeton* (June 1999),<sup>37</sup> Rowe states that in some manuscripts (such as the one from which he transcribed, Sloane MS. 2731—the same as the Whites’ and I.G.O.S.), the fifth book is an addendum containing notes on *Goetia*. This book has been mistakenly called *Ars Notoria* instead of the correct name, *Ars Nova*. Rowe suggests quite convincingly that the last couple of pages of the manuscript are out of order, and, thus, *Ars Nova* consists of two leaves rather than one. These final pages of *Lemegeton* can be seen in the photocopies of the White and I.G.O.S. editions.<sup>38</sup>

In apparent agreement with Rowe, Stephen Skinner notes<sup>39</sup> that whenever *Ars Nova* has been transcribed, it has been read incorrectly as a continuous text rather than as columns. Thus, according to Skinner, the only printed edition of *Ars Nova* which is transcribed in the correct order appears in Skinner & Rankine, *The Goetia of Dr Rudd* (London: Golden Hoard, 2007), APPENDIX 9, pages 414-421; more on *The Goetia of Dr Rudd* below.

*more complete editions* *The Lesser Key of Solomon*, edited by Joseph H. Peterson (York Beach: Red Wheel/Weiser, 2001), includes a complete text—all five books, including *Ars Notoria*—with other pertinent material, including a preface from one of the MS editions of the *Lesser Key*, addenda from two others, and Johann Weyer’s *Pseudomonarchia daemonum*. “I have followed Sloane 3825 for this edition, except for *Ars Notoria*. For the latter, the manuscripts are clearly dependent on Robert Turner’s translation. I have therefore used his 1657 printed edition as my primary source.” (INTRODUCTION, page *xiii*) However, Peterson adds (in the introduction to *Ars Notoria* at his

<sup>38</sup> The LESSER KEY collection with *Ars Nova*—not *Ars Notoria*—is included in The Embassy of Lucifer’s *Clavicula Solomonis*—mentioned above in note 21. The Embassy’s *Ars Nova* is identical to Rowe’s version, including the footnote numbers in the text—without the footnotes.

website, ESOTERIC ARCHIVES <http://www.esotericarchives.com/notoria/notoria.htm>), “Unfortunately [Turner’s version] omit[s] the drawings of the *notae* or mystical drawings which are the centerpiece of this art. Their omission adds greatly to the confusion of the text. Unfortunately, Turner further adds to the confusion by omitting some of the internal references to the missing figures.” Intelligently prepared, nicely printed, reasonably priced: Peterson’s is by far the best edition available.

Further, there is *The Goetia of Dr Rudd: The Angels & Demons of Liber Malorum Spirituum seu Goetia Lemegeton Clavicula Salomonis* / with study techniques of evocation in the context of the angel magic tradition of the seventeenth century / *being a transcription of Dr Rudd’s Liber Malorum Spirituum seu Goetia’ from Harley MS 6483, with other pertinent extracts from manuscripts Harley MS 6482, Sloane MS 3824 and Wellcome MS 3203*, by Stephen Skinner and David Rankine (London – Singapore: Golden Hoard Press, 2007). The question “Why another edition of the *Lemegeton*?” is taken up in the introduction. I have condensed:

1. The manuscript contains much material which no other version does. ...
2. We wanted to show how the system of magic in the *Lemegeton* was developed and actually practiced by working magicians in the seventeenth century. ...<sup>40</sup>
3. The seals in this manuscript are beautiful and more carefully drawn than in any other manuscript ...
4. This version explains the preparation and protection of the magician, specifically what precise angel he should use to compel each individual demon, and the use of the Brass Vessel. These key practical details are not present in any other edition of the *Goetia*.
5. We wanted to trace where the *Lemegeton* material comes from and to demonstrate that its roots reach back at least to the thirteenth century, and the connections between angel magicians and those evoking in the grimoire tradition, which in the case of this manuscript proves to be identical. ...

*The Goetia of Dr Rudd* is Volume III of SOURCEWORKS OF CEREMONIAL MAGIC by Skinner and Rankine (see note 10 on page 4 above). It contains *Goetia*, *Theurgia Goetia*, *The Art Pauline*, and *The Art Almadel*—but not *Ars Notoria* because “it is not a workable system as it appears in these manuscripts,” *i.e.*, without the crucial *notae* illustrations.

A paperback edition, *Lemegeton: The Complete Books I-V* by Victor Shaw ([GB]: Erebus Society, 2017) offers an inexpensive way to possess the work. It follows Sloane 3825 through the *Ars Almadel*, then Turner’s 1657 version of *Ars Notoria*. A note from the publisher on the back cover reads,

The illustrations in this book come from enhanced scans of the original seals. The scans have been painted over by hand using black ink and then re-scanned in order to improve the texture and make the lines and letters more legible, as some of the pages and illustrations of the book have deteriorated due to the manuscript’s age, and they appear faded or broken. The original manuscript can be found in the British Museum.

## 2. a. Grimorium Verum

Here again we can turn to Waite (pages 96-100, 159-183, 236-240, with numerous other references) and Shah (pages 64-68; 75-112).

An attractive edition was put out by Trident Press (Seattle: 1994 & 1997): *Grimoirium Verum: CONTAINING THE MOST APPROVED KEYS OF SOLOMON WHEREIN THE MOST HIDDEN SECRETS BOTH NATURAL & SUPERNATURAL ARE IMMEDIATELY EXHIBITED ...* translated from the Hebrew by Plangiere, Jesuite Dominicaine, in “library,” cloth, and, in this rare case, paperback editions.

The I.G.O.S. version contains the text in both French and English (Palm Springs: 1996). A reprint *via* CreateSpace was published in 2015 with the title *Ancient Grimoires Volume I: Grimorium Verum – Dark Magic Grimoire*, by Dr. Robert Blanchard (Rennes – New York – Los Angeles: International Guide of Occult Sciences).

The most complete edition available is, not surprisingly, that of Joseph H. Peterson (Scotts Valley: CreateSpace Publishing, 2007), which offers not only an English translation but complete French and Italian texts. Peterson’s careful work accommodates academics and practitioners alike.

Jake Stratton-Kent, a practicing necromancer, has “reconstructed a working text from the corrupted French and Italian versions of this important grimoire” in *The True Grimoire: ENCYCLOPEDIA GOETICA, VOLUME 1*, first published as a limited-edition hardcover (2009) which quickly sold out, subsequently reprinted in a quality paperback, called the “Rouge Edition” ([UK]: Bibliothèque Rouge/Scarlet Imprint, 2010).

There is an inexpensive on-demand paperback edition: *The True Grimoire*, by Solomon, the Hebrew Rabbi, edited by Denise Alvarado [PLANET VOODOO’S CLASSIC HOODOO REFERENCE SERIES] ([West Liberty]: Planet Voodoo/ CreateSpace, 2010).

The following text is the newly revised text of the Grimorium Verum derived from multiple sources, including the Book of ceremonial magic by Arthur Edward Waite (1913). ... This edition of the Grimorium Verum contains illustrations that are not part of the original text. (*copied as written*—from the “Editor’s Notes”)

Other Hoodoo and Conjure books in Planet Voodoo’s series include *The Gypsy Wisdom Spell Book* (2009), *The Voodoo Doll Spell Book* (2010), and *the Voodoo Hoodoo Spell Book* (2011).

See also *Crossed Keys, Being a Chimeric Binding of Both the Black Dragon and the Enchiridion of Pope Leo III*, translated with commentary by Michael Cecchetelli, with additional notes by Peter Grey, edited by Alkistis Dimech ([UK]: Scarlet Imprint, 2011). The BLACK DRAGON offers an apparent amalgam of *Grimorium Verum*, the GRAND GRIMOIRE (or RED DRAGON), and the GRIMOIRE OF HONORIUS.

## 2. b. TRUE BLACK MAGIC

There are conflicting descriptions of this text. Butler outlines a MS containing 45 talismans with details of their workings and “all magical characters known unto this day” from a Hebrew original (*Ritual Magic*, page 80). Waite (page 100) refers to it as “simply an adapted version of the KEY... [and] like the *Grimorium Verum*, it is exceedingly confused, and is rendered almost unmeaning by the omission of the practical part.”

Waite does, however, quote and paraphrase it frequently:

- page 146 on abstinence
- pages 147-148 on baths
- page 149 on inks
- page 154 on instruments
- page 166 on pen and ink
- pages 174-176 on parchment
- pages 177-179 on cleaning
- pages 300-302 for love
- pages 306-307 for invisibility

Joseph Peterson has translated the same text from which Waite drew: *True Black Magic*, i.e., *La Véritable Magie Noire* (Kasson: Twilit Grotto Press, 2017); the author is listed as “Iroé-Gregó,” the supposed compiler of the “original” text. This edition shows French and English on facing pages. In his introduction (page i), Peterson refers to it as “one of [the] many variants of *The Key of Solomon*.” This version “preserves some older elements not included in Mathers’ edition,” e.g., a prayer for exorcising water and a chapter on incenses—along with the more usual planetary pentacles.

Another version of *The True Black Magic*, by Iroé Gregor, (translated) by Matthew Lynch ([n.p.]: [“independently published”]), also appeared in 2017. The back cover states,

The True Black Magic or Secret of Secrets was discovered and translated by the mysterious Iroé Gregor in the middle of the 18<sup>th</sup> century, Gregor held this text to be nothing less than the magical “Key” of the Great King Solomon.

What is not made clear in the promo/introductory material for this book is that Iroé Gregor (more correctly Iroé-Gregó) translated the work from Hebrew to French and that Lynch has put it into English.

## 2. c. THE GRAND GRIMOIRE

THE GRAND GRIMOIRE,<sup>41</sup> also called the *Red Dragon*, is described and quoted by Waite (pages 100-103 and 241-264). Shah introduces it and from it offers an operation for conjuring Lucifuge (pages 68-74).

There is an artful limited edition (500 copies) from Trident/Ars Obscura (Seattle: 1996) translated by Gretchen Rudy from the 1612 Italian edition; this was reprinted by Trident in a \$100 “library edition” with an optional \$25 slipcase (2006).

I.G.O.S. has its typically pricey edition titled *The Red Dragon, or the Art Concerning Commanding the Celestial Spirits—The Grand Grimoire*, translated from the 1521 French and Latin text by Robert Blanchard (Palm Springs: I.G.O.S. Research Society, 1995; paperback reprint *via* CreateSpace,

<sup>41</sup> A book titled *The “Grand Grimoire” or Imperial Ritual of Magic* was compiled by American Rosicrucian R[euben] Swinburne Clymer (1878-1966), here as “Pythagoras 38” (Allentown: The Philosophical Publishing Co., 1910). Clymer’s edition is available online at the Internet Archive site: <https://archive.org/details/grandgrimoire00clym> and has been “reproduced from the original artefact” by Andesite Press (Sacramento, 2017). The work is self-described as “including full instructions in making the magic rod, talismans, amulets and rings. Private instructions in crystal and magic mirror initiation, in Magran magic and spiritualism” (—from the title page). While called *The “Grand Grimoire,”* it is a miscellany which includes practices “according to the teachings of Dr. P. B. Randolph, without the slightest doubt the greatest master of any ages” (—FOREWORD, p. 9-11).

R. Swinburne Clymer was the Grand Master of the Fraternitas Rosae Crucis (FRC), which followed the teachings of Paschal Beverly Randolph, as opposed to the Ancient Mystical Order Rosae Crucis (AMORC) of H. Spencer Lewis, with whom Clymer had a spirited rivalry.

2014), which gives the text in rather clumsy English adorned with illustrations from a printed French edition.

There is an “economy” version of *The Grand Grimoire* edited by Darcy Kuntz [KABBALISTIC GRIMOIRE SERIES IV] (Edmonds: Holmes Publishing Groups, 2001).

*The Authentic Red Dragon (Le Véritable Dragon Rouge) ... followed by The Black Hen (La Poule Noire)*, published by Teitan Press (York Beach: 2011), reprints an early nineteenth-century French edition (even though dated 1521) with an English translation by Joshua A. Wentworth, along with a highly entertaining introduction by Silens Manus. Manus says of the text, “[I]t is very obviously a variant of the text known as the *Grand Grimoire*, and in common with this and other similar grimoires the *Dragon Rouge* is not a work of ‘high culture.’ ... It is manifestly also not a work of spirituality or ‘high magic,’ but instead reflects mundane desires and interests...” (— page xvii).

### 3. The Grimoire & SWORN BOOK of Honorius

Distinction should immediately be made between the SWORN BOOK of Honorius (*Liber iuratis*) and the later, derivative—and diabolical—*Grimoire*, also called the *Constitution of Honorius*. Unfortunately, these titles are often interchanged (as with the I.G.O.S. edition discussed below).

*Honorius: Grimoire*

The *Grimoire* is treated in the books we have already cited: Butler, pages 89-97; Waite, pages 103-110; and Shah, pages 253-280.

*The Grimoire of Pope Honorius* “from a [German] manuscript from the Infernal Library of a Schwabian farmer,” translated by Kineta Ch’ien, was published in a limited edition in 1999 by Trident Books (Seattle); both the English and German are included. The text is somewhat different from the one(s) treated by Butler, Waite, and Shah, though introduced by *The Constitution of Pope Honorius* given in French and English, the English of which is identical to Shah (pages 255-6), and quite similar to Waite (pages 107-9). Included in the Trident edition is some welcome support material, such as a “Bibliographic Prolegomenon” by John Davis, an “Examination of the Editions of the Grimoire,” and yet another text, *Coniurationes Demonum*, put into English by Matthew Sullivan.

A mere 65 copies of *The Grimoire or Book of Spells of Pope Honorius* were published by the Society for Esoteric Endeavor (2006),<sup>42</sup> which offers a facsimile of a nineteenth-century copy of Honorius scribed by one Frederick George Irwin, a member of Societas Rosicruciana in Anglia. There is also *The Infernal Conjurations of the Notorious Grimoire of Honorius, Circa 1670* from Finbarr International (Kent [UK]: 2009).<sup>43</sup> I have not seen either.

*The Complete Grimoire of Pope Honorius* by David Rankine and Paul Harry Barron (London: Avalonia, 2013) includes “a partial translation of Wellcome MS 4666 [which is in French], with numerous additions translated from the French editions of the Grimoire of Pope Honorius dated 1670 [the so-called “Rome edition”], 1760 [BL<sup>44</sup> shelfmark 8632.a.3] & 1800 [BL shelfmark 8630.aa.21], and a new translation of the German edition of 1845 [from Scheibel’s *Das*

<sup>44</sup> BL = British Library

*Kloster*]" (—title page [my brackets—DK]). *The Complete Grimoire...* presents “the entire corpus of this grimoire in print for the first time” (—back cover).

*Sworn Book*

A translation of the SWORN BOOK, or *Liber sacer sive liber juratus*—as distinct from the *Grimoire*—was done by Daniel Driscoll: *The Sworn Book of Honourius the Magician, As Composed by Honourius through counsel with the Angel Hocroell* (Berkeley Heights/Gillette: Heptangle Books, 1977 & 1983), using British Museum (now British Library) MSS Sloane 313 and Royal 17A XLII. Printed as a fancy collectable, this work is now difficult and expensive to obtain. With all this, it is incomplete and frequently inaccurate. Further, the entire text is set in a rather distracting **Old English** font.

I.G.O.S. published a hardbound typescript, variously titled *Medieval Grimoire of Honorius*, *Grimoire of Honorius*, and *Handbook of Honorius the Magus*, translated by Robert Blanchard (Palm Springs: 1993; paperback reprint, CreateSpace, 2015). Even though it is called “*Grimoire*,” this work is actually a version of the “*Liber sacer* or *Liber juratus*,” i.e., SWORN BOOK of Honorius, as described by Lynn Thorndike in *History of Magic and Experimental Science* (New York: Macmillan Company/Columbia University Press, 1923-1958), volume II, chapter XLIX, “Solomon and the Ars Notoria,” pages 283-285—the same text as Daniel Driscoll’s.

The best edition of this material is *The Sworn Book of Honorius: Liber Iuratus Honorii by Honorius of Thebes*, with text, translation and commentary by Joseph Peterson (Lake Worth: Ibis Press, 2016), which shows the complete text in Latin and English on facing pages, along with a well-researched introduction.<sup>45</sup>

Refer to *Liber Iuratus Honorii: A Critical Edition of the Latin Version of the Sworn Book of Honorius*, by Gösta Hedegård [ACTA UNIVERSITATIS STOCKHOLMIENSIS: *Studia Latina Stockholmiensa*] (Stockholm: Almqvist & Wiksell International, 2002). The text is in Latin; the 46-page introduction, however, is in English.

Section IV of Hedegård’s reconstructed Latin text, “de compositione sigilli Dei vivi et veri” (pages 67-71), has been translated into English by Colin D. Campbell as APPENDIX B of *The Magic Seal of Dr. John Dee: The Sigillum Dei Aemeth* (York Beach: Teitan Press, 2009). This *Seal of God*, sometimes called the *Seal of Solomon*, is a prominent feature of the Honorius text.

On the Honorius material, see the following:

<sup>45</sup> Online, refer to Joseph H. Peterson’s “Liber Juratus Honorii or Sworne Booke of Honorius” based on the English translation of Royal MS 17AxlII (16<sup>th</sup> century) with variant readings from British Library Sloane MSS 3853, 3854 and 3885, at <http://www.esotericarchives.com/juratus/juratus.htm>. This version was posted online in 1998. Peterson’s introduction to the online Honorius text reads,

*Liber Juratus* is one of the oldest and most influential texts of Medieval magic. The prologue says the text was compiled to help preserve the core teachings of the sacred magic, in the face of intense persecution by church officials. This may be a reference to the actions of pope John XXII (1316-34).

I believe the almost legendary reputation of this work led to the forgery of the so-called *Grimoire of Pope Honorius*, a ridiculous work so despised by Eliphas Levi and A. E. Waite.

#### 4. *Semiphoras & Shembamphoras Salomonis Regis* (hereafter *S&S*)

*S&S* is surrounded by a mish-mash of material derived from Agrippa, pseudo-Agrippa, Jewish magic (*Shimmush Tehillim*), folk magic, and fragments from the Faustian school in a collection titled *The Sixth and Seventh Books of Moses* (New York: Wehman Brothers, n.d. [1880]; Carbondale: Egyptian Publishing Company, n.d.; Chicago: The de Laurence Company, 1919).

The texts of *The Sixth Book of Moses* and *The Seventh Book of Moses*, along with seals in Hebrew and magical script, are English translations from Johann Scheibel’s *Das Sechste und Siebente buch Mosis* (Stuttgart: 1849), which is volume six of Scheibel’s *Bibliothek der zauber geheimnis—und offenbarungsbucher*. The *S&S* texts also trace their printed origins back to German collections, namely volumes 3 and 4 of J. C. Horst’s *Zauberbibliothek* (6 vols., Mainz: 1821-6); and volume 3 of Scheibel’s *Das Kloster* (12 vols., Stuttgart and Leipzig: Theodor Thomas, 1846).<sup>46</sup>

In 1982, there appeared the profoundly disappointing *New Revised Sixth and Seventh Books of Moses and the Magical Uses of Psalms*, edited by Migene Gonzolez-Wippler (Bronx: Original Publications). The text and especially the introduction are rife with errors.<sup>47</sup>

In 2008, Joseph H. Peterson produced a nicely-printed edition of *The Sixth and Seventh Books of Moses* (Lake Worth: Ibis Press), which offers serious treatment of this hybrid collection of translations: clear, correct texts and diagrams, with an informative foreword, notes, and nine supplemental appendices—surely the best edition.

Interestingly, “The Seven Semiphoras of Adam” and “The Seven Semiphoras of Moses” within *S&S* closely match passages in the seventh book of *Liber Salomonis: Sepher Raziel*, discussed below. For the *Semiphoras* §§ in *S&S*, see Wehman, Egyptian, and de Laurence—pages 116-140; Gonzolez-Wippler—pages 125-164; Peterson, APPENDIX 3, pages 141-168.

<sup>46</sup> Another item from *Das Kloster* (vols. 2 and 5, respectively): *Libellus Magicus*, under the title *Vernus Jesuitarum Libellus*, is presented in both Latin and English at TWILIT GROTTTO: <http://www.esotericarchives.com/solomon/jesuit.htm>.

<sup>47</sup> My open letter to Original Publications (cc. Llewellyn Publications) dated March 10, 1986, states,

To my dismay, Migene Gonzolez-Wippler’s edition fails to clean up or clarify this book, and, to my shock, the editor has actually further muddled and mystified the text with misleading information and just plain bad writing. It took no great scholarship to arrive at the [twelve] points that shall follow, showing the shoddiness of the editor’s work. This note represents only a few hours of rooting around in my *home* library, which is far from extensive.

## 5. *Liber Salomonis*, British Library<sup>48</sup> Sloane MS 3826

Until fairly recently (2003), *Liber Salomonis* had not been treated at length in any printed source, though Sloane MS 3826 is described in Waite's *Ceremonial Magic* (pages 20-21) and referred to here and there by Shah and Butler. Thorndike mentions this MS only once in *History of Magic*.<sup>49</sup>

The first section of *Liber Salomonis* refers to itself as “Cephar Raziel,” “Sephar Raziel,” “booke of Raziel,” and “booke of Razeelus,” *i.e.*, *Sepher Raziel*. Solomon is indicated as the recipient and redactor—not the author—of the book in the narrative which introduces the text. However, most instructions begin, “Salomon said...” Others begin, “Hermes said...,” “Adam said...,” “Nathaniel said...,” “Moyses said...,” and “Raziel said...” Narrative passages refer to Raziel as the source of the book and to Adam as the original recipient.

*Sepher Raziel* contains seven treatises:

1. Clavis...“of astronomy and of the starres” (ff 5<sup>v</sup>-11<sup>v</sup>)
2. Ala...“the vertues of some stones of herbes and of beasts” (ff 12<sup>r</sup>-27<sup>r</sup>)
3. Tractatus Thymiamatus...of suffumigations and of allegations of them and divisions” (ff 27<sup>r</sup>-34<sup>r</sup>)
4. The “Treatise of tymes of the year of the day and of the night ... when anything ought to be done by this booke” (ff 34<sup>r</sup>-46<sup>r</sup>)
5. The “Treatise of Cleanesse...of Abstinence” (ff 46<sup>r</sup>-51<sup>r</sup>)
6. “Samaim” which “nameth all the heavens and her angels and the operations or workings of them” (ff 51<sup>v</sup>-53<sup>v</sup>)
7. The “booke of Vertues...and miracles...the properties of the ark of magicke and of his figures and of the ordinance of same” (ff 53<sup>v</sup>-57<sup>v</sup>)

For a full transcription of these treatises, see *Sepher Raziel also known as Liber Salomonis, a 1564 English Grimoire from Sloane MS 3826*, edited by Don Karr and Stephen Skinner (Singapore: Golden Hoard Press, 2010). In this edition, Skinner provides a modern English version of *Sefer Raziel* and an excellent introduction on the range of “Raziel” traditions.<sup>50</sup>

The rest of Sloane MS 3826 consists of

1. *Incipit Canon*: The rule of the book of consecration... (ff 57<sup>r</sup>-60<sup>r</sup>)
2. Orisons (ff 60<sup>r</sup>-65<sup>r</sup>)
3. Magical directions (ff 65<sup>r</sup>-83<sup>v</sup>)<sup>51</sup>
4. *Liber Lunæ* (ff 84<sup>r</sup>-94<sup>r</sup>)<sup>52</sup>

<sup>48</sup> Manuscripts were designated “British Museum” until 1997, when the designation changed to “British Library.”

<sup>49</sup> Volume II, CHAPTER XLIV, “Solomon and the Ars Notoria,” page 281, adding an intriguing, albeit doubtful, speculation in note 2: “Perhaps the same as ‘Sefer ha-Yashar’ mentioned by Haya Gaon in the eleventh century: Gaster, *The Sword of Moses*, 1896, p. 16.”

<sup>50</sup> A very similar *Sefer Raziel* appears at ESOTERIC ARCHIVES, “*Sepher Raziel* (Sl. 3846) Book of the Angel Raziel” (edited by Joseph H. Peterson ... © 1999, 2006), at <http://www.esotericarchives.com/raziel/raziel.htm>.

<sup>51</sup> Robert Mathiesen (in the article listed below, page 29) lists “Sloane 3826...ff. 58-83?” [Mathiesen’s question mark] among the manuscript versions of the SWORN BOOK at the British Library, though he places it with those which “preserve the original Latin text.” Portions of 3826 are in Latin (see above), but the bulk of the text is in English. Gösta Hedegård refutes the identification with the SWORN BOOK (*Liber Iuratus Honorii*, pages 13-14, note 37), quoting Rachel Stockdale that 3826 ff. 58—62 contain “The rule of the booke of Consecration or the manner of working, with some orisons.” Hedegård then refers to Waite (*Book of Black Magic...*, page 35), stating that the treatises of this part of 3826 “extract matter” from Honorius works; Hedegård allows that this “may possibly be right” (page 14, note 13).

The two paragraphs on fol. 68 begin, “Dixit Thebit Pencorat...” and “Thebit said...” The reference is to Thabit ben Korrah, or Tabit ibn Korrah, or Qurra (c.836-c.901), member of the pagan sect, the Sabians (mainly of the city Harran, Thabit’s birthplace). A prolific and eclectic writer, philosopher, and translator (he rendered the Greek philosophers—*e.g.*, Archimedes, Aristotle, Euclid—into Arabic or Syriac), Thabit was an authority on the occult, particularly on the subject of images. Indeed, he is cited in *Picatrix* and the works of Albertus Magnus and Peter de Abano.

<sup>52</sup> See *Liber Lunæ*..., listed below under “Printed notices...,” page 27-8.

5. *Raphael*: The Invocation of Oberon Concerning Physick &c (ff 98r-99r)
6. The Call of *Bilgal*, One of the 7 etc. (fol. 99v)
7. An Experiment for a Fayry (fol. 100r)<sup>53</sup>
8. *Beleemus De imaginibus* (ff 100v-101r)

Sloane MS 3826 is in English, except for

- (i) the opening lines of paragraphs in *Liber Salomonis* and *Incipit Canon*
- (ii) the Orisons
- (iii) the invocation, constriction, ligation, and license of *Raphael*

Abraham von Worms, AKA Abraham of Wurzburg, Abraham the Jew.

- *The Book of Sacred Magic of Abramelin* [*Abra-Melin*] or *Abramelin the Mage*.

- Translated and edited by S. L. MacGregor Mathers (London: Watkins, 1898; 2<sup>nd</sup> edition 1900; rpt. New York: Causeway Books, 1974; New York: Dover Publications, Inc., 1975).

- A NEW TRANSLATION, compiled and edited by Georg Dehn, translated by Steven Guth (Lake Worth: Ibis Press, 2006).

In a lecture from 1975<sup>56</sup>, Gershom Scholem says of the Abramelin text that

[it] is not a Jewish book. No Jew would call his son “Lamech,” you can believe me. “Lamech” in Jewish parlance is a *goylim*, is a fool. [...] It is obviously a non-Jewish text written in the beginning of the sixteenth century by somebody who knew about the *kabbalah* from the writings of Pico della Mirandola, which can be proved in my opinion.

There was a time that I thought it might be a Jewish text. If it would be a Jewish text, it’s very interesting. [*laughter from the audience*] I no longer believe it to be a Jewish text. You know, philology works against your own inclinations. [...] It was certainly written by a man who knew Hebrew quite well—better than other Christians of this age, I would say. I have studied the book quite often and it concerns the conjuration of your own personal angel—exactly what Eleazar [in the *Zohar*, son of Rabbi Shimon bar Yohai] says cannot be done, he does it, as a Jew, but I don’t believe it. I think he took it from some Neoplatonic [source]. He took it, not from Jewish sources but from other ones, although it has a long autobiographical introduction about the feats he has done, the tremendous feats he has done in his magical career among the gentiles.

The book is a very curious one anyway.

Note Scholem’s statements in *Kabbalah* (Jerusalem: Keter Publishing House Ltd., 1974):

By the same token, *The Book of Sacred Magic of Abra-Melin* (London, 1898), which purported to be an English translation of a Hebrew work written in the 15<sup>th</sup> century by a certain “Abraham the Jew of Worms” and was widely regarded in modern European occultist circles as being a classical text of practical Kabbalah, was not in fact written by a Jew, although its anonymous author has an uncommon command of Hebrew. The book was originally written in German and the Hebrew manuscript of it found in Oxford (Neubauer 2051) is simply a bad translation. Indeed, the book circulated in various editions in several languages. It shows the partial influence of Jewish ideas but does not have any strict parallel in kabbalistic literature. I especially recommend Lon Milo DuQuette's *Illustrated Goetia*. Our biggest complaint with these books is that they continue to advocate spirit torture.

“My second reason for marketing this ‘new key’ to Witches specifically is that Natalie and I both firmly believe that it has been the role of the Witch to summon and stir spirits as allies in magic since Witches first started practicing the Craft.” (from § “Why Create a Key for Witches?”)

The book recommended here is *Aleister Crowley's Illustrated Goetia*, by Lon Milo DuQuette and Christopher Hyatt, illustrated by David P. Wilson (Tempe: New Falcon Publications, 1992). See the reference above, page 15, note 26.

“The winding, muddy and often submerged paths of occult thinking in the eighteenth century may not be as familiar to British historians as its more visible public byways in the late seventeenth century, but they were well travelled nonetheless. Adherents of the occult kept up a lively interaction with conventional intellectual trends, reconfiguring Hermeticism and Neoplatonism to suit the age of steam engines and revolutionary politics. As in the past, they eagerly absorbed heterodox religious ideas and maintained a keen interest in popular magic.” (*Solomon's Secret Arts*—pages 18-19)

*Sepher Reziel Hamelach* ( $\approx$  *Sefer Raziel*) is primarily a production of Jewish folk magic. It is discussed by Joshua Trachtenberg in *Jewish Magic and Superstition* (New York: Behrman's Jewish Book House, 1939; subsequently reprinted), a rare early academic treatment of Jewish magic, considered something of a classic, though in sore need of updating.<sup>57</sup>

Savedow's work seems to attempt two things: (1) to provide a reliable English edition of the text, and (2) to provide practicing magicians with yet another *grimoire*.

An appendix to this book (pages 280-286) gives a list of *Sefer Raziel* texts in manuscript compiled by Adam McLean. The first MS listed is British Library MS. Sloane 3826, which is discussed in the present paper above as *Liber Salomonis*. McLean's list is posted on the Internet at the *Alchemy Web Site*: "Sepher Raziel Manuscripts," [www.levity.com/alchemy/raziel.html](http://www.levity.com/alchemy/raziel.html).

<sup>57</sup> Another relatively early effort was T. Schrire's *Hebrew Magic Amulets*, AKA *Hebrew Amulets* (London: Routledge and Kegan Paul, 1966).

Treatments of Jewish magic are not so rare anymore. See Naomi Janowitz, *Icons of Power: Ritual Practices in Late Antiquity* (University Park: Pennsylvania State University Press, 2002); Maureen Bloom, *Jewish Mysticism and Magic: An Anthropological Perspective* [ROUTLEDGE JEWISH STUDIES SERIES] (London – New York: Routledge, 2007); Gideon Bohak, *Ancient Jewish Magic: A History* (Cambridge: Cambridge University Press, 2008); Filip Vukosavović, *Angels and Demons: Jewish Magic through the Ages* (Jerusalem: Bible Lands Museum, 2010); Yuval Harari, *Jewish Magic before the Rise of Kabbalah*, translated by Batya Stein (Detroit: Wayne State University Press, 2017).

Tempe: Arizona State University, 1998).

Of particular interest are two sections of Book Two: Chapter II, "A DESCRIPTION OF THE INFAMOUS magician and of GOETELA and THEOURGLA"; and Chapter V, "CONCERNING CERTAIN books of magic," which discusses "books passed down by Raziel and Raphael," *Book Four on Occult Philosophy* attributed to Agrippa, but appraised by Weyer as "falsely ascribed to his hand," and "the pestilential little book of Pietro d'Abano entitled *Heptameron or Elements of Magic*." Chapter VI goes on to discuss Trithemius and his book *Steganographia*.

Unfortunately, this volume excludes the Appendix, *Pseudomonarchia Daemonum*. However, Joseph Peterson includes *Pseudomonarchia Daemonum* in both Latin and English as Appendix 2 in his edition of *The Lesser Key of Solomon* (York Beach: Weiser Books, 2001), pages 227-259. Appendix 3 gives a chart comparing the spirits of the *Goetia* with those of Weyer.

## Addendum

### SOLOMONIC MAGIC ON THE INTERNET

Some Solomonic texts seem to be everywhere on the Internet, while others are not represented at all. Anything touched by one of the founders of the Golden Dawn is, for better or worse, reproduced, pirated, and linked over and over, as, for example, W. W. Westcott's ubiquitous *Sefer Yetzirah*<sup>58</sup> or S. L. MacGregor Mathers' *Key of Solomon* and *Lemegeton*.

Many sites offering magic texts carry viruses and other sorts of e-vermin which can plague those unfortunate enough to enter. Thus, for safety and, fortunately, a wide array of reliably presented texts, refer to the following sites:

- ALCHEMY WEBSITE AND VIRTUAL LIBRARY: <http://www.alchemywebsite.com/>
- INTERNET SACRED TEXTS ARCHIVE: [www.sacred-texts.com](http://www.sacred-texts.com)
- TWILIT GROTTTO: [www.esotericarchives.com](http://www.esotericarchives.com)

On *Liber Salomonis/Sepher Raziel*:

- A full transcription of British Library Sloane MS 3826 appears at HERMETIC KABBALAH: *Don Karr's Solomonic Magic*: <http://www.digital-brilliance.com/contributed/Karr/Solomon/index.php>
- The transcription of Sloane MS 3846: *Book of the Angel Raziel*, also in English, can be viewed at TWILIT GROTTTO: <http://www.esotericarchives.com/raziel/raziel.htm>

<sup>58</sup> This has recently been rivaled by the numerous sites offering Aryeh Kaplan's translation of the *Sefer Yetzirah*.
